PREFACE.

THIS present volume continues the series of Nottingham Parish Registers, and contains the weddings at St. Peter's from 1572 to 1812, inclusive. The parish of St. Peter was only a small part of the ancient town, yet included an important district in the very heart of Nottingham, and though not so numerous as the marriages at St. Mary's, those of St. Peter's will be found equally valuable to the genealogist.

It is estimated that in number there are some six thousand entries in St. Peter's marriage registers prior to 1813. These entries, as were those at St. Mary's, have been abstracted by Mr. John T. Godfrey.

It must be borne in mind that the existing early registers are themselves but transcripts from the original paper registers made under the order of Queen Elizabeth in 1597, so that errors may have crept in from the difficulty of distinguishing certain letters such as c and t, u, m, n and i.

The entries have been reduced to a common form, and the following abbreviations adopted:—

w. = widower <i>or</i> widow.	d. = daughter of.
s. = spinster, single woman, <i>or</i> son of.	p. = of the parish of.
b. = bachelor.	dioc. = in the diocese of.
m. = minor.	co. = in the county of.
	lic. = marriage licence.

It should be remembered that these printed abstracts of marriage registers are not "evidence" in the technical sense. Certified copies must still be obtained when evidence of a marriage is needed for legal purposes, or when proving a

pedigree at Heralds' College. For such certificates application must be made to the clergy in charge of the original registers.

Ultimately, no doubt, the baptisms and burials will find their way into print, but it seems expedient to issue the weddings first, as is done in the present series.

The Marriage Registers of St. Nicholas will be issued as a separate volume.

The Editors desire to acknowledge their indebtedness to the Rector of St. Peter's, the REV. GEORGE EDGCOMB, M.A., by whom permission to print these registers has been given, and who has afforded every facility in the work.

NOTES ON THE MARRIAGE REGISTERS OF ST. PETER'S, NOTTINGHAM.

VOLUME I.—This register is of parchment, 16 inches high and 6 inches wide, bound in a cover of the like material, and marked "No 1." The first leaf is cut in half lengthways, and contains miscellaneous notes written by Robert Troupe, parish clerk. On the third page are memoranda relating to the erection of a desk in the chancel in 1608, the ownership of the Town Cryer's bell in 1624, the erection of a gallery and alteration to the ringing floor in 1625, and the last sermon, and death, of the Rev. George Coates, Rector of St. Peter's, who died November 28th, 1640. On the fourth page are three licences to eat meat during Lent in favour of Elizabeth, wife of John Edmunds, March 3rd, 1628; Elizabeth, wife of Adrian Perkins, gent., March 27th, 1632; and Robert Wood, March 26th, 1633. The Register commences on page 5, with the following heading:—"Saint Peters in Nottingham. A Perfect booke of Regester ingroced into parchement by cōmaundem ffrom the Archbusshoppe, in the tyme of John Pare parson of the said Church & taken out of a former booke of Regester, of Christenings, Weddings, & burials, wch was begun in the yeare of our Lord god, 1572, & in defaulte of a perfect Regester booke before that tyme to have bene kept, it was vewed, sene, considered on, & Allowed, by the Queenes mat^s Comissioners, for that purpose Appointed, To fynd out the lacke of perfect Regesters, And hath bene Aunswered by Charles Morley Sequestrator of the said parishe Peter Clarke & John Presse, then Churchwardens, John Stanleye & John Nix Swoornemen, And the fforfeiture thereof hath bene rated & payde, Accordinge to the penalties of her mat^s Iniunctions, &c." Then follow *Baptisms* from May 4th, 1572, to May 12th, 1661; *Marriages* from April 14th, 1572, to February 20th, 1663; and *Burials* from May 17th, 1572, to September 24th, 1663. It should be noted that the marriages for the year 1621 (printed on page 22 *post*) are wrongly dated 1622 in the register. The date as printed is therefore neither a printer's error nor a mistake on the part of the abstractor. At the end of the burials for the year 1617 is written:—"William Shipman Clarke of St Peeters: Entred Register of the parish Novemb: 6. 1654." On a page between the Marriages and Burials are memoranda of the election, September 19th, 1652, of Church Officers for the [amalgamated] parishes of St. Peter and St. Nicholas, Nottingham, and of a collection made in St. Peter's Church,

June 14th, 1655, "in behalf of persecuted protestants in Savoy," when "the Sum amounted vnto 34^{li}." Following the Burials are two pages containing "The names of those whose intentions of Marriage have been Published in the congregation of St^t Peters in Nottingham, as also the seuerall Lords dayes when they were published." These entries extend from October, 1653, to August, 1658. On the last page are entries relating (*inter alia*) to a licence, granted March 18th, 1620, to William, son of Hewgh Verden, to eat meat during Lent, the burial of the Rev. John Goodall, Rector of St. Peter's, June 30th, 1646, and to an execution:—"Rodger Ferman one that was executed as it [*is*] said for breaking a house, and some think for nothing, and others for a troop was Buried the 14th day of March, 1652."

VOLUME II.—This register is of parchment, 15 $\frac{3}{4}$ inches by 6 $\frac{3}{4}$ inches, and is marked on the limp parchment cover "N^o 2." The book has been re-stitched. At the commencement is written, "The Register of the Parish of Saⁱ Peter's church in Nottingham begun An' Dom' 1661." Then follow *Baptisms* from May 19th, 1661, to October 22nd, 1693; *Marriages* from April 17th, 1664, to May 21st, 1703; and *Baptisms* from November 26th, 1693, to March 21st, 1702. At the other end of the book are *Burials* from October 4th, 1663, to March 18th, 1702. On the fly-leaf at the commencement of the book is written:—"This Register was bought Anno 1661 M^r Will: Parker & Will Derry being Churchwardens, pretia 13^s 06d.," "This register Booke was bought by Will: Parker gent and Will: Derry Churchwardens," and "The foundation of the Chancell was laid third day of June 1670 the first stone whereof was laid by Sam: Leeke then rector."

VOLUME III.—This register is also of parchment, 15 $\frac{3}{4}$ inches by 6 $\frac{3}{4}$ inches, bound in a stiff parchment cover, marked "N^o 3." At the commencement is written "The 3^d Register of the Parish church of St^t Peters in Nottingham begun on th' Annunciation of the Blessed Virgin Anno 1703." Then follow *Baptisms* from April 1st, 1703, to March 2nd, 1724; *Marriages* from March 29th, 1722, to December, 11th, 1725; *Burials* from March 29th, 1722, to March 15th, 1724; and *Marriages* from March 28th, 1703, to March 24th, 1721. At the other end of the book are *Burials* from April 1st, 1703, to March 21st, 1721. The book is badly written, with numerous blank pages and spaces, but the entries are continuous.

VOLUME IV.—A parchment book, 12 $\frac{3}{4}$ inches by 8 inches, bound in calf, bearing on one of the covers a red label inscribed in gilt letters, "St^t Peter's Nott^m Register for Baptisms & Marriages 1725," and marked "N^o 4." At the commencement is written:—"The Register for Baptisms and Marriages in the Parish of St^t Peter in the Town & county of the Town of Nottingham begun upon the Annunciation of the Blessed Virgin, one thousand, seven hundred and twenty five." The *Baptisms* extend from April 3rd, 1725, to December 30th, 1778, and the *Marriages* from March 29th, 1725, to March 24th, 1754.

VOLUME V.—A parchment book of 48 pages, 13 $\frac{1}{2}$ inches by 8 $\frac{1}{2}$ inches, bound in parchment, on the front cover of which is written:—

"N^o 5. Saint Peters Nottingham Register of Marriages 1754 to 1762," and contains entries from April 16th, 1754, to March 21st, 1762.

VOLUME VI.—A parchment book of 100 pages, $11\frac{3}{4}$ inches by 7 inches, in parchment covers. On the front cover is written:—"N^o 6. Saint Peters Nottingham Register of Marriages 1762 to 1771." Two pages are numbered 92, and the last page 99. Pages 95 and 97 are blank. The entries are from April 12th, 1762, to October 25th, 1771.

VOLUME VII.—A parchment book of 50 leaves, $11\frac{1}{2}$ inches by $7\frac{3}{8}$ inches, bound in parchment, on the front cover of which is written:—"N^o 7—Marriages from 1771 to 1778." Inside the cover is written:—"The Register of Marriages in the Parish Church of Saint Peter in the Town of Nottingham beginning on the 28th Day of October 1771." The entries extend from October 28th, 1771, to May 26th, 1778.

VOLUME VIII.—A parchment book of 100 leaves (of printed forms), $12\frac{1}{8}$ inches by $7\frac{3}{8}$ inches, bound in leather, and marked "N^o 8." The book is paged throughout, the last page being numbered 198, there being two unnumbered pages of blank forms between pages 153 and 154. There is a blank form at the bottom of page 67 and an incomplete entry at the top on page 88. The marriages recorded extend from May 26th, 1778, to June 9th, 1796.

VOLUME IX.—A parchment book of printed forms (206 pages), 12 inches by $8\frac{3}{4}$ inches, bound in leather, and marked "N^o 10." On the cover is a red label inscribed in gilt letters:—"S^t Peters Nottingham. Register for Marriages 1796." The entries extend from June 12th, 1796, to July 6th, 1809.
